

Declaration of Conformity: RoHS III (Directive 2011/65/EU & 2015/863/EU)

MULTI-BOX GmbH hereby confirms that all self-manufactured and standard products comply with the requirements of EU Directive 2011/65/EU (RoHS II) as well as Delegated Directive (EU) 2015/863 (RoHS III).

This directive regulates the restriction of the use of certain hazardous substances in electrical and electronic equipment. The following limit values for the contained substances are strictly observed:

Substance Group	Substances
Metals & Basic Substances	Lead (Pb), Cadmium (Cd), Mercury (Hg), Hexavalent Chromium (Cr VI)
Flame Retardants	Polybrominated Biphenyls (PBB), Polybrominated Diphenyl Ethers (PBDE)
Phthalates (Plasticizers)	DEHP, BBP, DBP, DIBP

Third-Party Products & Customer Components

For products or components specified by the customer or provided for assembly/completion by MULTI-BOX GmbH, the customer assumes full responsibility for ensuring RoHS compliance. MULTI-BOX GmbH accepts no liability for the conformity of such third-party materials.

Additional Information

Furthermore, we confirm that no halogens or halogenated raw materials are used in the manufacture of our standard products (halogen-free).
